

NL-CB Panel light

- Adopts TUYA IoT.
- With WIZ smart function.
- Adjustable CCT from 3000K~5700K.
- External driver.
- BLE supports pairing 1:1, broadcasting one-to-many, and many-to-many topologies.
- Enables cloud connectivity via smart phone.
- Increases network scale and nodes.
- Improves reliability with self-healing network protocol.
- Lower power transmission between shorter distances.
